# RISING 11<sup>TH</sup> GRADERS

- AP English Language Bridge from grade 10 to 11 (begin the curriculum early and expose students to the rigorous demands)
- Summer Language Academies - to support foreign language acquisition (French, Japanese, Spanish) and not lose the progress that was made the previous year (ideal for students attempting to reach the AP level)
- SAT preparation and/or bootcamp - proactively equipping rising juniors and seniors with the skills to attack this test
- Capstone opportunities especially for students that have already selected their academies
- AP Capstone - begin this work in the summer with the AP Capstone Teacher to get a jump on the demands of the course (Research and Seminar = 2 Carnegie Credits and requires a lot of time especially in a 4\*4 Schedule)
