We all want Rights!

Every human no Matter where they from, México, Honduras, etc we all deserve the right to have education, have fair Jobs and to speak Up their opinions!

We are protesting for our rights! We all deserve rights!

Every human should deserve to have Rights no Matter the race or where are they from, everyone should have Rights!

My cousin is helping me make posters for my topic.

I am making a poster so that people can see that I believe that every human have Rights!
